LIBRARIAN'S REPORT

To the Trustees of Silsby Free Public Library and
Citizens of the Town of Acworth.

In such a scattered community it is hard to reach all as we would like with books and magazines. The teachers at South Acworth and Derry Hill have taken books for school use, others could do the same and with these books for the parents also. We have had a fairly good year putting out 840 books and 1232 magazines, total 2072, which does not include the schools or South Acworth Branch in charge of Mrs. Alice M. Burnham, who has put out 200 books and 75 magazines, total 275. Some new readers have taken cards. About 40 books have been given by interested friends. Most of the magazines loaned by regular patrons will be renewed this year.

Thanking the Trustees and all who have helped by acts of good will and for books and magazines.

Respectfully submitted,

ANGIE H. LIVINGSTONE, Librarian

ALICE BURNHAM,
South Acworth Branch.

G. A. EVANS, Treasurer

REPORT OF SUPERINTENDENT OF SCHOOLS

Members of The School Board of Acworth, N. H.:

The statistical tables appended to this report will be found to contain the data for the school year ending June 30, 1922. We call attention to the large number of tardinesses. The number of absences from school, for various reasons, slightly increased, and the number of children not absent or tardy for the year dropped from ten to seven. Even when allowance is made for the condition of the roads during winter and spring there remains a certain per cent of inexcusable absence. The poor attendance and tardinesses are, to a great extent, localized in one school, but the rating of the whole town is seriously affected.

Owing to the wisdom of the Board in planning for the standardization of at least one school a year on some given item, instead of spreading the funds over the district as a whole, the buildings are becoming gradually modernized and well equipped. At least three more years will be needed before the present policy of the board can result in the schools planned by them, but by extending expenditures over this period the expense to the town will be more easily borne.

The superintendent recommends that the following changes should be incorporated into the program of remodeling and equipping, at such times as the money is available.

1. The painting of the County school, a building seen by all tourists on the boulevard.

3. The installation of a ventilating stove at Center Acworth.

3. Completion of the remodeling of the small room at Acworth Center school, in case the school continues to grow as at present.

4. The replacement of the old benches in Grout Hill by adjustable desks and seats.

5. Complete lavatory equipment in all buildings.

6. Improvement of the toilet facilities, or the installation of chemical toilets where the cost is not prohibitive.

7. The jacketing of the stove at South Acworth.

8. The equipping of the County school with adjustable desks and seats.

The jacketing of the stove at Acworth Center would prove satisfactory, or in case the smaller room is opened, the new stove could be used to heat the larger room.

The superintendent desires to express his pleasure during the past year of work in Acworth, due to the loyal cooperation of the teachers, and the friendly and constantly forward looking attitude of the school board members.

Respectfully submitted.

(Signed) H. LAWTON CHASE,

Superintendent of Schools,
